ACKNOWLEDGMENTS. Not used, affidavits take their place.

AFFIDAVITS. May be taken before a Notary Public or a Commissioner of affidavits, a Judge or Clerk of the County Court, a District Registrar or his Deputy; without the Province before a Commissioner appointed by the Lord Chancellor, a Notary under his seal of office, a Mayor or Chief Magistrate in Great Britain or Ireland, or in any foreign country under the corporation's seal, a Judge of a Superior Court in the English Dominions, an English Consular Agent in any foreign country, or a Commissioner of affidavits.

ARREST. No arrest for debt.

ASSIGNMENTS. Must be made either to the public assignee, or if a majority of the claimants, having claims of at least $100, consent, to any other. A duplicate of every assignment must be registered in the office of the County Court of the divisions where the assignor resides, or if a non-resident, in said office in the division where the personal property is, within ten days after execution. Assignments void for preferences must be recorded when including land under the provisions of the Registry and Real Property Acts.

ATTACHMENTS. Upon filing an affidavit showing the cause of action, Judge's order for attachment may be obtained where the debtor has property within the Province not exempt and has departed with intent to defraud or to avoid arrest, or process, or conceals himself for the same purpose; where he is a non-resident, or where he is about to remove property from the Province with intent to hinder, delay or defraud his creditors. This exemption of $25 does not apply to debts for board and lodging.

2. Of Goods.—After the commencement of any suit wherein the claim is for the recovery of a debt of $50 or upwards from the defendant to the plaintiff, upon affidavit made by the plaintiff or his agent,having a personal knowledge of the matter, stating clearly and succinctly from what cause such debt arose, and the amount thereof, and that he has good reason to believe (giving reasons) that the defendant (a) is about to abscond or has absconded from the Territories leaving personal property in any judicial district thereof liable to seizure under execution for debt; or (b), has attempted to remove such personal property out of the Territories, or to sell or dispose of the same with intent to defraud his creditors generally, or the plaintiff in particular; or (c) keeps concealed to avoid service of process; and in either case that the deponent verily believes that without the benefit of the attachment the plaintiff will lose his debt or sustain damage, and upon a further affidavit of one other credible person that he is well acquainted with the defendant and has good reason to believe (giving such reasons) that the defendant is about to abscond, or has absconded, or has attempted to remove his property out of the Territories, or to sell or dispose of the same, or keeps concealed with intent as aforesaid, a judge on ex parte application may direct the clerk to issue a writ of attachment, which shall be executed by the Sheriff; Provided that if the debtor has absconded, or is about to abscond, leaving no wife or family behind, no property of such debtor shall be exempt from seizure.

The writ may be set aside by a judge upon sufficient proof by affidavit that the writ was issued without reasonable cause. The suit proceeds in the ordinary way but in case the plaintiff does not recover judgment for the full amount sworn to he is not entitled to costs, but may be ordered to pay the costs of the defendant. Provisions are made for release of the goods upon security and sale of perishable goods, etc.

3. Of the Person.—The generally accepted opinion is that there is no arrest under civil process.

ASSIGNMENTS. There are no statutory provisions in respect to assignments for the benefit of creditors. Fraudulent and Preferential assignments of goods, chattels, effects, bills, notes, shares, etc., by persons in insolvent circumstances, whether made under pressure or not, which delay or have the effect of delaying creditors, are void. These provisions do not apply to assignments for the benefit of creditors generally.

BILLS OF SALE AND CHATTEL MORTGAGES. Bills of Sale and Chattel Mortgages, not accompanied by an immediate delivery and an actual change of possession of the things sold or mortgaged, must be registered within thirty days from execution, with an affidavit of execution and an affidavit of bona fides, which varies according to the circumstances of the case. They take effect from the date of registration only. In case they are not registered as provided for, or in case the consideration for which they are made is not truly expressed they are null and void as against creditors, and subsequent purchasers, and mortgages in good faith for valuable consideration. No mortgage, bill of sale, lien, charge, incumbrance, conveyance, transfer or assignment intended to operate or have effect as a security in so far as it assumes to bind or affect any growing crop, or crop to be grown, shall be valid, unless the same be as security for the purchase price of seed grain. There are special provisions relating to seed grain mortgages. Mortgages filed cease to be valid as against creditors, etc., after two years unless renewed. Further renewals after first renewal must be yearly. Renewal is made by statement in form prescribed, which shows interest of mortgagee, assignee, etc., full statement of amount due, all payments on account, with affidavit of truth of the statement. In case of removal from one district to another three weeks are allowed to file copy of mortgage in office for district to which goods are removed.

COURTS. The Supreme Court of the North-West Territories has jurisdiction in all civil and criminal matters. There is no other court. Justices of the Peace have jurisdiction in disputes between masters and servants. In claims for debt, where the amount or balance claimed does not exceed $100 a simple and special procedure is provided, without formal pleadings. The Court consists of five judges, who reside at various points in the Territories. Each judge has jurisdiction throughout the Territories, but usually exercises the same in his own judicial district. Appeal lies to the Court en banc. And from Court en banc directly to Privy Council, without appeal to the Supreme Court of Canada, if desired and in certain cases.

DECEDENT'S ESTATES. An officer known as the Public Administrator is appointed for each Judicial District, or such part thereof as may be desirable, who administers the estate if no application be made for probate or administration within one month after decease of any person. He also takes possession of any neglected property of deceased. Application is made to a judge in chambers for an order for executor, administrator or public administrator, to advertise for creditors, notice to send in claims is given by advertisement, which must be verified by statutory declaration, also stating securities held and value thereof. Distribution is made after time named in the order. Claimants not filing within time limited do not share in the distribution, but may follow property into hands of person receiving same. Administrators and public administrator must pass accounts before the judge within two years after grant of letters.

In administration simple contract and specialty debts rank equally, but judgment debts have a priority.

DEVOLUTION OF ESTATES. Both real and personal property descend and are distributed in the same manner. The English Statutes of Distribution govern, except that no husband whose wife died on or after the 1st Jan., 1887, is entitled to any estate by the courtesy in the land of his deceased wife, but he has the same right therein as a wife has in the personal property of her deceased husband. And after the 12th June, 1901, the property of any man dying intestate and leaving a widow but no issue shall belong to such widow absolutely provided that prior to his death she has not left him and lived in adultery after leaving him.

This is retroactive as to the property of any person dying before 12th June, 1901, in case no portion of the estate of such person has then been distributed. The mother of any person dying intestate after that date without a wife, child or father, shall be entitled to the whole. In the distribution of both real and personal property of any woman dying intestate illegitimate children shall have the same rights as if legitimate. In the event of an illegitimate child dying intestate and without issue mother takes both real and personal property.

DOWER. There is no dower, but widow has the same right in the lands of her deceased husband as if they were personal property.

EVIDENCE. Witnesses are examined viva voce in open court, but the judge may order, upon sufficient reason being shown, proof by affidavit, interrogatories or examination before a commissioner or examiner. Evidence taken in one cause may, by leave of a judge, be read in any other cause or matter.

EXAMINATION OF JUDGMENT DEBTOR. When a judgment or order is for the recovery or payment of money, the party entitled to enforce it can obtain an ex parte order for the examination of the debtor, or in the case of a corporation, of any officer thereof, as to whether any and what debts are owing to the debtor, and whether the debtor has any and what means of satisfying the judgment or order. The examination is for the purpose of discovery only, and an order is to be made on the evidence given. It may be used on any subsequent proceedings between the same parties, or between the execution creditor, and any transferee of the property and effects of the execution debtor, or in any proceeding to obtain payment directly or indirectly, whether by attachment of debts, equitable execution or otherwise.

EXECUTION. May issue immediately after judgment. An Execution expires in two years unless renewed. Execution may be stayed on special grounds on motion to a judge, who may impose terms as to security, etc.

There is no priority between execution creditors. Sheriff holds proceeds of sale sixty days, and then distributes proportionately among all execution creditors, who then have executions in his hands, retaining his fees and extra costs of creditor at whose instance and under whose execution the seizure and levy were made. Employees of the execution debtor are entitled to be paid their wages, not exceeding one month's, in priority, and share pro rata with the other creditors as to the residue, if any, of their claim.

Execution shall not issue against any partnership property, except on a judgment against the firm. A judgment creditor of a partner may, however, apply in chambers for a charging order on partner's interest in the partnership property and profits, with appointment of receiver, directions for accounts, etc.

EXEMPTIONS. The following real and personal property of an execution debtor and his family are free from seizure by virtue of all writs of execution :

1. The necessary and ordinary clothing of himself and his family;

2. Furniture, household furnishings, dairy utensils, swine and poultry to the extent of five hundred dollars ;

3. The necessary food for the family of the execution debtor during six month, which may include grain and flour, or vegetables and meat, either prepared for use or on foot;

4. Three oxen, horses or mules, or any three of them, six cows, six sheep, three pigs and fifty domestic fowls, besides the animals the execution debtor may have chosen to keep for food purposes, and food for the same for the months of November, December, January, February, March and April, or for such of these months, or portions thereof as may follow the date of seizure, provided such seizure be made between the first day of August, and the thirtieth day of April next ensuing;

5. The harness necessary for three animals, one wagon or two carts, one mower or cradle and scythe, one breaking plow, one cross plow, one set of harrows, one horse rake, one sewing machine, one reaper or binder, one set of sleighs, and one seed drill;

6. The books of a professional man;

7. The tools and necessary implements to the extent of $200 used by the execution debtor in the practice of his trade or profession.

8. Seed grain sufficient to seed all his land under cultivation not exceeding 80 acres, at the rate of two bushels per acre, defendant to have choice of seed, and fourteen bushels of potatoes;

9. The homestead, provided that the same be not more than 160 acres; in case it be more the surplus may be sold subject to any lien or incumbrance thereon;

10. The house and buildings occupied by the execution debtor, and also the lot or lots on which the same are situate according to the registered plan of the same to the extent of fifteen hundred dollars.

The debtor is entitled to choice from the greater quantity of the same kind of articles. None of the above articles except food, clothing and bedding, the price of which forms the subject matter of the judgment upon which the execution is issued, are exempt from seizure. No exemptions in case of execution issued upon a judgment or order for the payment of alimony. In case of death of the execution debtor, the exemptions may be claimed, if the property is in the use and enjoyment of the widow and children, or widow, or children, of the deceased, and is necessary for their maintenance and support.

FOREIGN COMPANIES. No foreign company having gain for its object or a part of its object shall carry on any business in the Territories unless and until it shall become registered, under a penalty on Summary Conviction of $50 per day against the Company, any agent, representative, etc. Registration consists in filing certain statements, appointing an attorney, etc. The company when registered is not liable to any license fee of any municipal corporation. It must make returns, appoint and keep an attorney to act for it, accept service of process, etc. In case of failure to keep an attorney, license is forfeited. No unlicensed Company shall be capable of maintaining any action in any Court in the Territories. Ordinance in effect does not apply to commercial travellers taking orders for goods.

FRAUDULENT CONVEYANCES. A Judge may order the examination of an execution debtor and any transferree of any of his property before an examiner. The creditor can then proceed by a summons in chambers and use the examinations as evidence.

GARNISHMENT. See Attachment of Debts.

INSURANCE, Any person may insure his life for the benefit of his wife and children, or some one or more of them, or by writing (including his will), declare that any insurance on his life is for their benefit. Such insurance is not chargeable with debts, and does not form part of the estate of insured, but goes directly to the beneficiaries.

INTEREST. The legal rate is 5 per cent., but any rate may be agreed upon.

JOINT STOCK COMPANIES. After 12th June, 1901, no company, association or partnership, consisting of more than twenty persons shall be formed unless registered under the Companies' Ordinance, or formed by special legislation. Three or more persons may form a company by signing a memorandum of association in the presence of and attested by one witness at least, which is forwarded to the registrar of Companies, who in the event of the statutory conditions being compiled with issues his certificate of incorporation under his hand and seal of office and the Company is thereupon incorporated. The memorandum of association may in the case of a company limited by shares and shall in the case of a company limited by guarantee or unlimited, be accompanied by articles of association, signed by the subscribers to the memorandum of association, prescribing such regulations as they may deem expedient, which in effect become the by-laws of the Company. (See cap. 20, Ordinances of N. W. T. 1901.)

JUSTICE OF THE PEACE. These officials have jurisdiction through the Territories. They have a limited civil jurisdiction in matters between masters and servants, and in regard to trespass of animals and estray animals.

JUDGMENTS. Where the claim is for a debt or liquidated demand, and no appearance is entered within the time limited, which varies, plaintiff can enter final judgment for claim and costs. Appearance may be struck out on a 4-day summons if defendant has no defence on the merits

LIENS. Where goods over the value of $15 are sold upon condition that the right of property or possession shall not pass until the payment of the purchase price, a copy of the agreement of sale with affidavit of bona fides must be filed in the registration district within which the purchaser resides, within thirty days, or the seller cannot set up his right against subsequent purchasers, mortgagees or creditors. There must be a sufficient description of the goods sold so that they may be readily and easily known and distinguished. The lien expires in two years unless renewed. In case the vendor repossesses the goods he must retain the same for twenty days before selling, during which time the purchaser may redeem, and he must also give purchaser notice of the sale.

LIMITATION OF ACTIONS. All actions for the recovery of merchants' accounts, bills, notes, and all actions of debt grounded upon any lending or other contract without specialty shall be commenced within six years after the cause of such action arose.

The provisions of The Real Property Limitation Act, 1874, being chapter 57 of the Statutes of the Imperial Parliament, passed in the 37th and 38th years of Her Majesty's reign, are declared to be in force, and to have been in force in the Territories since the passing thereof.

Judgments outlaw in 12 years, and contracts under seal in 20 years.

MARRIED WOMEN. In respect to land acquired after Jan. 1st, 1887, they have all the rights and are subject to all the liabilities of a femme sole. and may in all respects deal with land as though unmarried ("The Land Titles Act, 1894," 57-58 Vic. c. 28, Dom.).

In regard to personal estate their position is not altogether clear. The N. W. T. Act, R. S. Can. c. 50, ss. 36-40, declares, that "all wages and personal earnings of a married woman, and acquisitions therefrom, and all profits of any occupation or trade carried on by her, separate from her husband, or derived from any literary or artistic skill, and all investments of the same, are

free from the debts or dispositions of her husband, and shall be held and enjoyed by her, and be disposed of without her husband's consent, as fully as if she were a femme sole." No order for the protection of the same is necessary. Possession by the husband of the personal property of a married woman shall not render the same liable for his debts. A husband is not by reason of marriage liable for the debts of his wife contracted before marriage, but the wife and her separate property shall be liable therefor as though she had continued unmarried; and a husband shall not be liable for any debts of his wife in respect of any employment in which she is engaged on her own behalf, or in respect of her own contract. A married woman may sue in respect to her separate property as though unmarried, and may be sued separately in respect to her separate debts, contracts or torts as though unmarried.

Con. Ord. N. W. T., c. 47, declares that a married woman shall in respect of personal property be under no disabilities whatsoever heretofore existing, by reason of her coverture or otherwise, but shall in respect of the same have all the rights and be subject to all the liabilities of a femme sole.

REAL ESTATE. The Torrens System has been in force in the Territories since 1st Jan., 1887. A certificate of title is issued to the owner, which is binding upon all persons including the Crown, declaring that the owner is entitled to the estate mentioned in the certificate in the lands therein described, subject to the liens, encumbrances, and interests mentioned on the certificate. The certificate is conclusive evidence. Whenever any dealing takes place in regard to the land the certificate must be produced, and a memorial of the dealing endorsed upon the certificate. No instrument is of any effect until registered, and cannot be registered without the production of the certificate. Persons entitled under unregistered instruments, or to equitable estates, etc., can protect their interests by caveat.

The whole matter is set out in "The Land Titles Act, 1894," 57-58 Vic. c. 28, Dom. Stats.

REPLEVIN. In an action for the recovery of any personal property, and claiming, whether alone or with any other claim, that it was unlawfully taken, or is unlawfully detained, the plaintiff may, at any time after the issue of the writ of summons, obtain a writ of replevin upon filing an affidavit of himself or his agent, naming the judicial district in which the property is, giving description and value thereof, stating that the person claiming is the owner or entitled to the possession thereof. Further stating in case the property was taken for distress, for rent or damage, feasant that fact. Also stating if the possession was got by fraud the particulars of the fraud. The plaintiff must enter into a bond with two sureties in double the value of the property.

SERVICE OF WRITS. Service must, generally, be personal. It may be made by any person other than the plaintiff. In certain cases a judge may make order for substantial service by advertisement or otherwise. When the defendant resides outside the Territories a judge's order for leave to issue a writ for service ex juris must be obtained, which order states the time for appearance.

TAXES. Land is not subject to taxes unless it is situate within a municipality, school district or local improvement district.

Land may be sold for arrears of taxes. The time for redemption is one year.

WILLS. Every person may dispose of by will all real and personal property to which he is entitled either at law or in equity at the time of his death. No will made by any person under the age of 21 years is valid. No will is valid unless it is in writing, and signed at the foot or end thereof by the testator, or by some other person in his presence and by his direction; such signature shall be made or acknowledged by the testator, in the presence of two or more witnesses present at the same time, who shall attest and shall subscribe the will in the presence of the testator, but no form of attestation is necessary. Devise (other than a charge for the payment of a debt) to a witness, or the husband or wife of a witness, is void, but the witness may prove the execution of the will. No will, codicil, or any part thereof, shall be revoked otherwise than by marriage, or by another will or codicil exected as above described, or by some writing declaring an intention to revoke the same, and executed in the manner in which a will is required to be executed, or by the burning, tearing, or otherwise destroying the same, by the testator, or by some person in his presence and by his direction, with the intention of revoking the same.
